Five Little Pirates

Five little pirates stand in a row, (hold hands & fingers up)
 three stood straight, (thumb, index, & middle fingers up)
 and two stood so. (ring & pinkie fingers bent down)
 Along came the captain, (pass forefinger of left hand in front of fingers on right hand)
 and what do you think?
 They all stood straight, quick as a wink! (as index finger passes, straighten all fingers)

Ten Little Pirates

Ten little pirates stand in a row, (both hands up, fingers raised)
 they all bow down to the captain, so! (bend fingers up and down)
 They march to the left, (move hands to the left)
 they march to the right. (move hands to the right)
 They shout "Yo Ho!" (cup mouth in shouting motion)
 and give their captain a fright! (cover mouth as if frightened)

The One-Eyed Pirate

The one-eyed pirate, (cover one eye)
 he's fierce and he's tough. (clinch fists)
 He digs for buried treasure (digging motion)
 but it's never enough.
 He lives on a ship
 way out in the sea.
 His parrot is his only friend, (perch hand on shoulder)
 except for me. (point to self)
